

Standard Names for Parishes and Missions

Revised March 2023

Below you will find the official Canonical names for all of our parishes and missions as well as the legally incorporated names, where applicable. It is acceptable to use either name when referring to these entities. Outside of referring to the legally incorporated name, we do not recommend using the abbreviation “St.” or “Sts.” instead of spelling out Saint. Also, do not use apostrophes to make the parish or mission name possessive.

The Office of Archives and Records generally uses the Canonical name or abbreviation for its digital and physical collections.
